

## Kirkinriola Graveyard Ballymena

### Plot Owners c1875-1937

Plot numbers given are the original system compiled in order of registration and are located randomly throughout the graveyard. They are not to be confused with the current individual grave numbers. Nos.1 to 715 are in similar handwriting suggesting they were compiled simultaneously, higher numbers are newer registrations often with the fee or date of registration (from 1896) entered in the distinctive marks column. Numbers with asterisks appear between 719-721 and are numerically out of sequence for an unknown reason. Numbers preceded by \* appear between 719 & 721 in the register. Transfers and alterations are shown in red. All subsequent transfers and graves registered in the last 75 years are not included.
